

CARNATION FARMS

FIELD TRIPS

\$9 PER CHILD; NO CHARGE FOR TEACHERS OR CHAPERONES. FINANCIAL ASSISTANCE IS AVAILABLE.

Students of all ages enjoy field trips on our beautiful certified organic farm in the Snoqualmie Valley. With a fun and knowledgeable guide, participants explore the rows of vegetables, fruit trees, berries, and herbs, tasting and smelling along the way. They meet chickens up close and learn more about eggs and the chicken life cycle. Our field trips engage students in understanding farm practices that cultivate healthy soil, air, and water, while producing healthy, delicious food. Field trips include a tasty snack made from foods grown on the farm. Visit carnationfarms.org/activities/field-trips

EDUCATIONAL FIELD TRIPS FOR GRADES K-12

*Show where food comes
come by giving kids outdoor
experiences in fields
and pastures*

*Provide age-appropriate,
hands-on activities with
food and farming*

*Show the importance of a
sustainable food system and
ways they can help improve it*

*Connect students as eaters to the
farmers who produce food*

*Aim to transform the way
children and teens want to eat*

FIELD TRIPS ARE AVAILABLE FOR SEPTEMBER-NOVEMBER AND APRIL-JUNE.

If a field trip isn't possible for your students, ask us about having our staff visit your classroom for a farm and food experience.

Visits are available during the school year, September-June.
