

YOUTH SUCCESS! MENTORING

Volunteer to Be a Mentor that Someone was to you!

SVCN is an amazing organization that is inspiring youth to lead safe & successful lives for a better future. SVCN is making a difference in the valley and making our community stronger. YSM is one of the incredible programs offered through SVCN that is changing our valley for the better by involving all sectors of the community.

Research has shown for young people that a quality mentoring relationship has incredible positive effects on personal, academic, social and community situations.

Continue the cycle of hope by letting a child know that someone cares and they are not alone in their day-to-day challenges. Anyone can be a mentor who has a desire to help a child. We greatly appreciate your help in making sure our youth have the support they need to thrive!

What is YSM?

In School Mentoring

Mentors help students in the Riverview and Snoqualmie Valley Schools who are recommended by a school once a week during the school day

One-On-One

Be a positive consistent role model to the same student by building a relationship during the school year

Connect

Make a friend, have fun & connect with other community members

Flexible

YSM works with the school & mentor to find the best schedule and location
